**Old Business**

- Club agreed to advertise on Midwest Enduros.com
- HNF Trail has passed final approval! We will be planning a club weekend camping and building trail for this spring (probably May). Please plan on attending and helping us to get NEW singletrack trail on the ground!
- Enduro discussion revolved around entry fee. Decision was made to have entry be \$50 pre-entry and \$60 late entry.
- Scott is working with our accountant (Bill Sheltrou) to resolve our tax issues. We will have taxes to pay!
- We've received approval for trail maintenance grant monies for Bass Lake Trail, Forest Islands Trail and for construction of the HNF Trail.
- The sleigh ride event went great! Thanks to everyone!
- Ted will get with CCI to renew our permit

**New Business**

- Discussed contacting Mqt Sport and Rec show about having a trials demo. Club will assist with cost. Nick will contact organizers.
- Club Ride Night- there was much discussion about the club being more organized for a club ride night. We'd like to increase involvement and camaraderie by being designating a night and time to meet for weekly rides. We will discuss at the next meeting to try and decide what night we should designate – if you can't attend, let us know your thoughts!
- Club discussed donating a plaque (or something) for the Dick Burleson Tribute.
  
- The Michigan DNR is considering a single-track trail to connect Bass Lake and Porterfield Lake trails. The club expressed interest in looking into assisting. Initially, we'll be sending the MDNR a letter of support for this idea.
