June 9, 2008 Meeting Minutes

Old Business

- National Enduro Date is June 15, 2007. Jack reports that the trail is all set, need to make sure the arrowing is good. Frank reports that most of the administrative details are being worked out, and we'll have quite a few friends and spouses lending us a hand. We discussed spraying the staging area for bugs, hopefully that will help, as they are bad this year.
- Mini Moose June 14, 2007. Scott and Harry have the trail all set and ready to go, will be black on white arrows. Will need check crews. Need some more trophies if anyone has any to donate.
- Hiawatha National Forest Trail is progressing. Hope to have District Ranger approval in June. We will need to follow up on the Grant Request for construction funds, if approved.
- DNR Trail Maintenance, we are maintaining Bass Lake and Forest Islands Trails again this year. Dick Liberty is in charge and will need our HELP! Please let him know that you can and will help. Then DO IT!

New Business

- Jeff and Scott met with a tax and legal professional regarding our club status. The bill for the advice was about \$200. Motion was made and approved to pay the cost of this advice. We will discuss our club options at future meetings.

Next Meeting: 7.00pm, July 14, 2008 at the American Legion in Little Lake
